Subject: W02917 - Missing monthly Coliform Sampling January 2020.

Dear Mr. Smith:

This letter is written to inform you of missing Coliform samples from January 2020. Eurofins QC has an active schedule for sampling Coliform at 44 samples per month. There was a miscommunication during the set-up of this schedule thus resulting in only 29 of the 44 monthly samples being collected during the month of January.

This schedule has been corrected and the proper contacts in field services have been informed.

We apologize for any inconvenience this may cause.

Should you have any questions or concerns, please feel free to contact us:
